Dear Ms. Hall:

We are exceptionally grateful for the Kiwanis Club of Santa Monica's \$3,000 contribution (check #2048 and #2027 dated 6/10/09) to support St. Joseph Center's early childhood programs, Infant Toddler Development Center (ITDC) and Early Learning Development Center (ELC).

As you know, we view early childhood development as one of our most vital services in the agency's efforts to prevent long-term poverty in the community and clients' lives. As one report found, "investing in disadvantaged young children is a rare public policy initiative that promotes fairness and social justice and at the same time promotes productivity in the economy and in society at large."¹ ITDC and ELC staff members not only provide lessons in math, science, reading, and writing, but also closely monitor each child's developmental progress. In addition, parents are supported through parent-teacher conferences and regular parenting information meetings where topics such as constructive discipline and the benefits of play are discussed.

Thank you once again for your continued commitment to high quality childcare for children from low-income families. If you have any questions in the meantime about our programs or the impact the economy is having on our clients, please contact me at (310) 396-6468 ext. 304 or our Development Director, Paul Rubenstein, at (310) 396-6468 ext. 335.

Sincerely,

Dear Kiwanis Club Members,

Thank you for recognizing and providing scholarship awards to our District's performing arts students. The recognition has a profound impact on each student and reinforces the community's commitment to performing arts education.

The Board of Education and I are appreciative of the Club's Annual Music Scholarship Award event and continued support that has been given our schools throughout the year.

Sincerely,

Dear Patty Loggins and Kiwanis Club,

I just wanted to thank you not only for the scholarship, but more importantly, the opportunity to compete. You as the Kiwanis Club, don't understand how much I appreciated the competition. This was my first competition and it inspired me to practice even harder. I played the Bouree by Squire and didn't really appreciate it, but as I went from the Prelims to the Finals I realized the piece had lots of potential and meaning. I realized it was about how you should enjoy the little things in life. For example, it shows how you should just appreciate the smallest things on a daily stroll, like the Bird's lullaby in the trees or the nice breeze. I thank you for letting me find out the true potential and importance of this piece. I also thank so much for the scholarship, but more importantly I would like to thank you for the chance to compete in my first Kiwanis competition. Thanks for the hospitality to let me celebrate music with you at the luncheon. Thanks once and for all, Kiwanis Club.

Sincerely,
Jeffrey Ho

Dear Kiwanis Club of Santa Monica:

In these times of economic challenge and uncertainty, your support is especially inspirational to all of us here at Boys & Girls Clubs of Santa Monica. Heartfelt thanks for your gift of \$5000.

Your continuing partnership is laying a strong foundation from which positive change and growth will continue for the Club. . .

... growth into non-traditional settings with two new sites located in public housing which brings the Club experience to kids who are otherwise unreachable

... growth in number of youth served now totaling some 7,000 young people in need through Club memberships (4,500) and community outreach (2,500)

... growth in quality of programs and services ranging from leadership skills and athletics, to emotional wellness and family assistance programs

We're also putting your investment to work toward strengthening the overall Club organization by conducting our first-ever formal strategic planning process. The purpose is to develop and implement a new Club vision – one that combines the needs of our members with those of our growing community.

Looking ahead, it is our intention to bring the Boys & Girls Club experience to every Santa Monica child who needs us most. Your support is helping us to realize that ambitious and vital endeavor and we look forward to keeping you apprised of our progress.

Thank you!

Sincerely,

Allan Young
President and CEO

Dear Members of the Kiwanis Club of Santa Monica,

It is with great pleasure that I thank the Kiwanis Club of Santa Monica, on behalf of the blind, visually impaired and multi-disabled children we serve at Junior Blind of America. Your renewed support and contribution of \$2,250 toward our programs and services has a very real impact on the lives of those we serve.

I don't think anyone could have envisioned in 1958 just what a remarkable impact Camp Bloomfield would have on tens of thousands of lives. As we celebrate this milestone, we re-dedicate ourselves to making the camp experience available to future generations of children and youth who are blind, visually impaired or multi-disabled.

Your support—especially during these times of economic uncertainty, speaks volumes of your commitment to be of service within the community. Your renewed support helps enable this wonderful tradition of service to continue, and we are most grateful. The success of Junior Blind is due in no small part to the support of friends like you throughout our 56-year existence.

We are very grateful for your choice to support Junior Blind. Again, thank you for your benevolence.

Warmest regards,

Dear Maggie,

On behalf of the kids we serve, thank you for continuing to support our programs. We are excited to put our recent grant of \$1,500 to work and help kids think creatively and critically about their lives.

For seventeen years, the Virginia Avenue Project has offered free, after-school program using the Arts in conjunction with long term, one-on-one mentoring to help underserved children realize their full potential, helping them to secure a future for themselves and the communities in which they live. The goal for every Project program is to give youth the experience of success and the self-confidence it inspires. And the results are outstanding:

100% of Project kids graduate from high school
95% go on to college
98% are the first in their families to do so!

We invite you to see firsthand the results of the Foundation's support. Please contact me to schedule a site visit. Consider joining us for the annual One-on-Ones performance on August 21 and 22 at the 24th Street Theater. We also welcome the idea of bringing a short performance to one of your meetings.

On October 8, we will celebrate our 17th birthday at Casa del Mar, where we will honor Project alum Ali Campoverdi (now Assistant to White House Deputy Chief of Staff) and arts activist Jan Williamson (Executive Director of 18th Street Arts Center and a Santa Monica Arts Commissioner).

Should you have any questions about our programs, events or grant, please call me at 310-264-4224 or email Shelly@VirginiaAvenueProject.org.

Thank you,

Shelly Wood
Executive Director
